As a registered user you can find more topic and other user-contributed content. Venus Williams is the new name on the WTA tennis scoreboard at the French Open, as she stunned world number one Serena Williams in straight sets. Williams has won an extraordinary 26 grand slam titles, but she was an early victim of the new-look WTA Tour. Venus Williams took out Serena Williams in straight sets to win the French Open It was another shock result for the Williams sisters at Roland Garros and it appeared that the pair were not communicating well as the women's final approached its conclusion. But with the tension evident on both players' faces, it was understandable that some thought the tension between them had taken its toll
